

# USRobotics®

Compare how the USRobotics Courier 56K Modem stacks up against the MultiTech Multi Modem ZBA, and you'll see that U.S. Robotics means business.

The Courier 56K Corporate Modem is a true professional. It combines the communications security, productivity, and flexibility demanded by your business with business-friendly conveniences like external dip switches, so you won't have to "crack the case" to make adjustments.

No other business modem offers the feature-rich performance and reliability of a Courier 56K Corporate Modem.
